

The diagram illustrates the layout for a CD jacket, divided into a Back Cover and a Front Cover. The Back Cover features three concentric rectangular borders: an outer blue line, a middle magenta line, and an inner green line. The Front Cover features the same three concentric borders, with the middle magenta line being dashed. A vertical dashed red line separates the two covers. On the left side of the Back Cover, three bullet points with colored dots provide design guidelines: blue for bleed, magenta for crop, and green for safety. The text 'CD Jacket' is centered at the bottom.

Back Cover

Front Cover

CD Jacket

- **Bleed** - Your design should extend to this line.
Bleed will be trimmed off after printing.

- **Crop** - Your artwork will be trimmed here.

- **Safety** - Text and critical design elements should not extend past this line.
